**46th Annual Meeting of Environmental
Mutagen Society of India (EMSI)**

International Conference on
**Environmental Mutagenesis:
Impact on Biodiversity and
Human Health in a Changing World**

29-31 January
2024

Pre-Conference Workshop on
Methods in Genotoxicology

28 January
2024

It is with great pleasure we invite researchers, academicians, health professionals, and those who are all involved in Environmental and Health related facets desire to be part of the "International Conference on Environmental Mutagenesis:Impact on Biodiversity and Human Health in a Changing World" as well as "46th Annual Meeting of Environmental Mutagen Society of India (EMSI)" to be convened at Central University of Kerala, Tejaswini Hills, Kasaragod, India from January 29-31, 2024.

Since the origin of life, all organisms have been advertently or inadvertently exposed to various environmental xenobiotics, adversely affecting the biota. The consequent damaging effects at the cellular and molecular levels caused by those factors are being counteracted by cellular defense mechanisms, especially those related to DNA. Failure to do so may lead to mutagenic, carcinogenic, and hereditary effects. In addition, the changes in the gene structure and epigenetic modifications in the germ line can invariably affect the offspring. This is where the "genes and environment" interaction plays a vital role at the population level, highlighting the importance of public genomics. A paradigm change in the existing knowledge base is happening with the advent of advanced technologies wherein, now, it is possible to sequence the entire genome and proteome of a living organism. The impact of environmental mutagenesis leads to altered biological responses affecting all forms of life particularly human health. Though global efforts to contain the harmful effects on the environment, ecosystem, and individual level have met with sporadic success, new challenges emerge continually. In this context, we invite researchers to share their findings and thoughts on this platform on the prevention of mutations, protection, and preservation of biodiversity with an emphasis on the knowledge in the field of human health. This deliberation allows the invitees and participants from various disciplines to showcase their recent research explorations and widen the scientific horizon using the common multidisciplinary interactive platform.

Central University of Kerala (www.cukerala.ac.in)

The Central University of Kerala, Kasaragod, came into being in 2009 under the Central Universities Act 2009 (Parliament Act No. 25 of 2009). The University is founded on the noble vision of a 'Caring Wisdom.' It is guided by the lofty ideals of academic and social commitment, moral steadfastness, and intellectual and spiritual enlightenment, as reflected in the vision statement. The University opened its academic portals in October 2009 at Nayanmarmoola (Vidyanagar) in Kasaragod town. From this humble beginning, the University has grown into an institution offering twenty-seven postgraduate and twenty-two research programmes with a total enrolment of around 2500 students. The campus of the University, known as Thejaswini Hills, is located at Periya, Kasaragod, on 310 acres of land. In addition to headquarters located at Periya, the University has a Law department at Thiruvalla in Pathanamthitta, and a BA programme in International Relations is offered at Trivandrum. Prof. Jancy James was CUK's first Vice-Chancellor (2009-2014). She was followed by Prof. G. Gopakumar (2014-2020). Prof. H. Venkateshwarlu is the current Vice-Chancellor.

Prof. H. Venkateshwarlu took over as the Vice-Chancellor of Central University of Kerala on 14 August 2020, after 25 years of illustrious career as a Professor of Commerce at Osmania University, Hyderabad. He assumed the office with the note of declaration that **"Aim High and Achieve Maximum."**

Department of Zoology

The Department of Zoology was established in 2010 at Riverside Transit Campus, Padannakkad. The department offers M.Sc. and Ph.D. in Zoology with a strong curriculum designed to provide the experience, skills, and exposure in areas that range from basic conceptual frameworks to the most advanced areas of biological sciences. Deep engagement in research by faculty in entomology, aquatic pathobiology, herpetology, toxicology, immunology, physiology, molecular biology, and endocrinology is a core strength of the department. Convergence of the expertise and research strengths of the faculty ensures that the academic programme provides the students and researchers with profound insights and adequate skills, besides inculcating a culture of innovation and inclusive development. For more information visit (https://schools.cukerala.ac.in/Dept/Dept_Zoology).

The Environmental Mutagen Society of India (EMSI)

EMSI founded in 1975, promotes scientific education and research in mutagenesis. The Society is an affiliate of the International Association of Environmental Mutagen Society (IAEMS) and the Asian Environmental Mutagen Society (AEMS). Every year, the EMSI conference provides a scientific forum for exchanging ideas and information on mutagenesis at the experimental and clinical levels with an emphasis on human health and environmental safety.

Executive committee of EMSI

President	: Dr. KB Sainis , Former Director, BARC, India.
Vice-Presidents	: Prof. Nandjee Kumar , Magadh University, India. Dr. Radha Saraswathy , VIT, India.
Secretary	: Dr. Birajalaxmi Das , BARC, India
Joint Secretary	: Dr. Bani B. Ganguly , Genetics Center, India
Treasurer	: Dr. Devashish Rath , BARC, India
Members	: Dr. Sudin Bhattacharya , CNCI, India Dr. Satwinderjeet Kaur (Amritsar) Dr. Bhavani Shankar , BARC, Mumbai Dr. Prakash Hande (Singapore) Dr. Shouvic Mandal (Kolkata) Dr. Yasir Hassan Siddique , AMU, India Dr. DK Chowdhury (Lucknow) Dr. Vinay Jain (Mumbai)
Co-opted member	: Dr. Ravi Chandran
Permanent invitees	: Dr. P S Chauhan , Former Scientist, BARC, Mumbai. Dr. R K Bhattacharya (Mumbai)

Scientific Advisory Board

Prof. Wilner Martínez-López, Instituto de Investigaciones Biológicas Clemente Estable (IIBCE), Uruguay.
Prof. M. Prakash Hande, National University of Singapore, Singapore.
Prof. Siegfried Knasmüller, Medical University of Vienna, Austria.
Prof. Awadhesh Jha, University of Plymouth, United Kingdom.
Prof. Suraj Unniappan, University of Saskatchewan, Canada.
Prof. Stefano Bonassi, San Raffaele University, Rome, Italy.
Dr. Binu Antony, King Saud University, Riyadh, Saudi Arabia.
Padma Shri. Dr. S. Ayyappan, Former Secretary (DARE) & DG (ICAR), Chancellor of Central Agricultural University, Manipur.
Padma Shri. Prof. R.C. Sobti, Former President Indian Science Congress and former Vice Chancellor of Panjab University and Central University of Lucknow.
Prof. Iddya Karunasagar, Senior Director (International Relations), Nitte University, Mangalore; Senior International Food Safety Consultant, Rtd Senior Fisheries Officer, FAO of UN.
Prof. S. Ravichandra Reddy, Bangalore University, Bengaluru.
Prof. G.M. Nair, President, Kerala Academy of Sciences, Trivandrum.
Prof. P.R. Sudhakaran, Asutosh Mookerjee Fellow, University of Kerala, Trivandrum.
Prof. Oommen.V.Oommen, Former Chairman, Kerala State Biodiversity Board, University of Kerala, Trivandrum.

Prof. K.S. Rangappa, Former President Indian Science Congress and former Vice-Chancellor, University of Mysore and Karnataka State Open University, Mysuru.

Prof. Narinder K Mehra, Vice President, Indian National Science Academy, National Chair and Former Dean, All India Institute of Medical Sciences, New Delhi.

Prof. V. Vasudev, University of Mysore, Mysuru.

Prof. N.B. Ramachandra, University of Mysore, Mysuru.

Prof. S.V. Krishnamurthy, Kuvempu University, Shivamogga, Karnataka.

Prof. M. Nasser, Pro-Vice-Chancellor, University of Calicut, Kerala.

Dr. Subeer S. Majumdar, Director General, Gujarat Biotechnology University, Gujarat.

Dr. Sagar Sengupta, Director, National Institute of Biomedical Genomics, West Bengal.

Dr. Jayarama S Kadandale, Director, Centre for Human Genetics, Bengaluru.

Dr. B.S. Satish Rao, Director, Manipal School of Life Sciences, MAHE, Manipal.

Dr. K.S. Sreepada, Senior Professor in Zoology, Karnataka, Mangalore University, Konaje

Organizing Committee

Chief-Patron	Prof. H. Venkateshwarlu, Hon'ble Vice-Chancellor, Central University of Kerala, Kasaragod.
Patron	Prof. K. Arunkumar , Dean, School of Biological Sciences, CU-Kerala
Chairman	Prof. K.V. Rajendran , Department of Zoology, CU-Kerala
Convener	Dr. Indrashis Bhattacharya , Head, Department of Zoology, CU-Kerala
Organizing Secretary	Dr. H.P. Gurushankara , Department of Zoology, CU-Kerala
Members	Prof. Sudha K Dr. P.A. Sinu Dr. Ramachandran K
	Prof. Dennis Thomas T. Dr. Pramod K Kandoth Dr. Jasmin M. Shah Dr. Ginny Antony Dr. Ajay Kumar Dr. Chithra Manisseri
	Prof. Alagu Manickavelu Prof. V.B. Sameer Kumar Dr. Padmesh Pandaram Pillai Dr. M. Nagarajan Dr. Tony Grace
	Prof. Govinda Rao Duddukuri Prof. Rajendra Pilankatta Prof. R. Aswati Nair Dr. Thejaswini Venkatesh Dr. S. Lokeswara Bala Krishna Dr. Ashok Kumar Madikonda

Confirmed Speakers

Prof. R.C. Sobti,
Panjab University, India

Prof. Narinder. K. Mehra,
All India Institute of Medical Sciences, New Delhi.

Prof. Iddy Karunasagar,
Nitte University, India

Prof. Siegfried Knasmüller,
Medical University of Vienna, Austria

Prof. Hansruedi Glatt,
German Institute of Human Nutrition, Germany

Dr. João Paulo Teixeira,
University of Porto, Portugal

Dr. Goran Gajski,
Institute for Medical Research and Occupational Health, Croatia

Prof. Klaus Holzmann,
Graz University of Technology, Austria

Prof. Wilner Martínez-López,
Clemente Estable Biological Research Institute, URUGUAY

Prof. Manoor Prakash Hande,
Yong Loo Lin School of Medicine, NUS, Singapore

Prof. N.B. Ramachandra,
University of Mysore, India

Dr. Joana Madureira,
University of Porto, Portugal

Prof. Guruprasad Kalthur,
Manipal University, India

Prof. Jayarama S. Kadandale,
Center For Human Genetics INDIA

Prof. Nandjee Kumar,
Magadh University, India

Prof. CKK Nair,
Amrita Institute of Medical Sciences, India

Dr. Bani Bandana Ganguly,
MGM Center for Genetic Research & Diagnosis, India

Prof. Roberta Bulla,
University of Trieste, Italy

Prof. K.B. Sainis,
BARC, President, EMSI

Prof. Michael Fenech,
University of South Australia

Dr. B.S. Satish Rao,
Manipal School of Life
Sciences, India

Dr. A.K. Murugan,
King Faisal Specialist Hospital
& Research Centre, Riyadh

Prof. Sarat Chandra Yenesetti,
Central University of Nagaland, India

Dr. Puthen Veetil Jithesh,
Hamad Bin Khalifa University, Qatar

Prof. Radha Saraswathy,
Vellore Institute of Technology
(VIT), India

Dr. Ravi Ram Kristipati,
CSIR-Indian Institute of
Toxicology Research, India

Prof. Sudin Bhattacharya,
Chittaranjan National Cancer
Institute, India

Prof. Helga Stopper,
University of Wuerzburg,
Germany

Prof. Upendra Nongthomba,
Indian Institute of Science,
Bangalore, India

Dr. Siby Sebastian,
Duke University Health
System, USA

Dr. Shamprasad Varija Raghu,
Yenepoya University, India

Prof. Subha Bhassu,
University Malaya, Malaysia

Prof. Satheesh C Raghavan,
Indian Institute of Science,
Bangalore, India

Dr. L. Divya,
University of Calicut, India

Sri. Kollegala Sharma,
CSIR-Central Food
Technological Research
Institute, India

Dr. Indranil,
Central University of Tamil
Nadu, India

Dr. Anurag Sharma,
Nitte University, India

Dr. Gaurav Sharma,
PGIMER, India

Prof. Rajendra Prasad,
Annamalai University, India

Dr. Swaminathan Sethu,
Narayana Netralaya
Foundation, India

Prof. Masataka Tsuda,
National Institute of Health
Sciences, Japan

Prof. Medha R,
JIPMER, India

Prof. M. Rasool,
Vellore Institute of Technology
(VIT), India

Prof. Stefano Bonassi,
San Raffaele University, Italy

Prof. Michael Kundi,
Medical University of Vienna,
Austria

Scope and objectives

The conference is an amalgamation of researchers from diverse areas, including biology, chemistry, pharmacy, medicine, and those engaged in public health and biodiversity conservation. This conference includes keynote, plenary, invited lectures, oral and poster presentations, and socialization. The meeting will bring the world's most eminent and enthusiastic researchers on the same page to discuss and explore the latest developments on the conference theme.

The conference is intended to meet the following objectives:

- Knowledge sharing and networking among researchers working in the fields of environment and genetics
- Facilitating collaborations among different institutions/universities within India and overseas
- To train the younger generation on advanced techniques in environmental mutagenesis and toxicology
-

Major tracks of the conference

- Monitoring and detection of environmental mutagens
- Environmental mutagenesis and diseases
- Climate change and Ecotoxicology
- DNA damage, ROS, free radicals, antioxidants, and repair
- Molecular mutagenesis and carcinogenesis
- Industrial and environmental pollutants and their remediation
- Food-borne mutagens and safety
- Nano/radiation-genotoxicology
- Biological and health effects of exposure to environmental chemicals
- Alternatives to and refinement of the use of animals for mutagenesis studies
- Molecular signatures for exposure and/or effect of mutagens
- High-throughput approaches in mutagenesis and carcinogenesis
- Bioprospecting/bio-discovery and risk assessment
- Biodiversity and conservation
- Environmental regulatory/policies/legislation
- Epigenetics
- Gene-environment interaction
- Pharmacogenomics/Public health/genetic susceptibility
- Toxicogenomics and proteomics
- Endocrine Disrupting Chemicals (EDCs) & their Effects on Human reproductive Health & Wildlife
-

Submission of Abstracts: Abstracts are invited for one of the following categories: oral and poster presentations. The category in which the contributions are made has to be indicated in the registration form. Acceptance of the submissions for presentation will be communicated to the authors.

Guidelines for the Abstract Submission

The abstract must be written in English.

Title: Font Times New Roman, 14, Bold.

Authors: Font Times New Roman, 12, Bold. The name of the presenting author should be underlined.

Text: The abstract (Times New Roman, Font 12, regular) should be concise and have an accurate summary, a maximum of 250 words. Using abbreviations should be avoided, and the references should not be cited in the abstract. The abstract must state the purpose of the study, details of the participants, measurements, methods, main findings, and conclusion. Key words: 5-6. Highlights: 4 bullet points (each <100 characters). Abstracts should be submitted online (<https://forms.gle/Ga3FWk518cYVbsDs5>) in Microsoft Word format. The last date for the submission of the abstract is 15 November 2023.

Best Platform/Poster Presentation Awards: Researchers of age below 35 years are eligible to participate in the oral presentation competition. There is no age limit for poster presentations. The abstract may have multiple authors, but only the presenting author will be allowed for the competition. Only selected abstracts will be allowed for oral/poster presentations. Candidates will be given 7 minutes for their presentation, followed by 3 minutes of discussion/queries. Posters will be fit into poster boards with portrait orientation size 3 ft (length) X 3.5ft (height). Please do not increase the size or change the orientation of the poster. presentations will be awarded certificates & prizes.

Best Published Paper Award: The award will recognize outstanding contributions to Environmental Mutagenesis. The application form and the guidelines can be downloaded from the conference website (<https://www.cukerala.ac.in/EMS/Downloads.html>). The last date for receiving the application form is 25 December 2023.

How to Register : Interested Researchers shall register and submit abstracts online

(<https://forms.gle/y44fGPcdMnnQJGEAA>) on or before 15 December 2023.

STRICTLY NO SPOT REGISTRATION IS ALLOWED.

Registration fee	Indian Nationals (INR)		Other Country (USD)	
	Conference	Workshop	Conference	Workshop
EMSI Life Member	3000	2000	200	100
Non-EMSI Member (Faculty/Scientist/Post Doc)	4000	3000	250	150
Doctoral Researcher	2000	1000	200	50
Students	1000	500	100	50
Industrial experts	5000	3000	300	200

(Registration fee includes the Registration kit, entry to scientific sessions, lunch at the conference dates, and two dinners)

Mode of Payment : The registration fee shall be paid through Demand Draft (DD)/electronic transfer to the below-mentioned Bank account. The DD should be drawn in favour of the "Conference on Environmental Mutagenesis," payable at Canara Bank, Periya, Kasaragod.

Account Number : 110137492683

Account Name : Conference on Environmental Mutagenesis
Bank : Canara Bank, Central University of Kerala, Periya, Kasaragod-671 320

IFSC Code : CNRB0006794

MICR Code : 671015054

Swift Code : CNRBINBBFD

Accommodation: Accommodation for the delegates will be arranged in the luxury and budget hotels in Kanhagad and Kasaragod, Kerala, on request to the conference secretariat. Delegates can pay their accommodation fee during check-in or check-out time.

Weather: During January, the weather is warm (21 °C-33 °C) in Kasaragod.

How to reach the conference venue:

Nearest Airports: Mangalore (IXE) (80 km), Kannur (CNN) (80 km), Kozhikode (CCJ) (210 km), Kochi (COK) (360 km), Bangalore (BLR) (475 km), Trivandrum (TRV) (574 km).

Nearest Bus Terminals: Periya (1 km), Kanhagad (12 km), Kasaragod (20 km).

Nearest Railway Stations: Kanhagad (KZE) (12 km), Kasaragod (KGQ) (22 km).

Tourist Attraction: Kasaragod is the northernmost district of Kerala which is famous for its linguistic culture and is also known as "Sapthabhasha Sangamaboomi," as seven major languages are spoken here. It is also home to some exquisite folk arts and rituals of Kerala. The 300-year-old Bekal Fort (15km) is one of the main attractions of Kasaragod. Other important places to visit are Ranipuram Peak (60 km), Valiyaparamba backwaters and houseboat (30 km), sacred forests (40 km), sandy beach (10 km), Swami Nithyananda Ashram (14 km), Ananda Ashram (10 km), Parassinkkadavu Snake Park (65 km), Ananthapura Lake Temple (30 km), Madhur Temple (30 km), Malik Deenar Mosque (35 km), Malla Durgaparameshwari temple (25km).

Important Dates to Remember:

Registration starting : 14 September, 2023

Last date for abstract submission : 15 November, 2023

Acknowledgment of acceptance : 25 December, 2023

Pre-conference workshop : 28 January, 2024

Conference : 29-31 January, 2024

**All Are Invited to Kasaragod,
"Sapthabhasha Sangamaboomi"
for EMSI Meeting.**

For registration/abstract submission visit: <https://www.cukerala.ac.in/EMS/Home.html>
