Message from the
Vice Chancellor

Dear students,

The Central University of Kerala, the temple of knowledge in 'God's Own Country' welcomes you!

CUK, located at Kasaragod, the northern district of Kerala, is a beautiful, sprawling campus nestled in a valley surrounded by rivers in the Western Ghats. It enjoys a symbiotic relationship with its friendly local community. The community around it contributes to CUK's several needs and the University reciprocates by extending its infrastructure, knowledge, and research output to benefit of local community through many collaborative and cooperative activities. CUK's vibrant academic community and admirable infrastructure is comparable with that of the best universities in India.

The quality of teaching at CUK certifies itself in the high success rate of its students in national level competitive examinations and international fellowships bagged by our students. The flow of funding, publications and international collaborations confirm the quality of research carried out in the campus. The strict implementation of its systematic academic calendar, regular and rigorous evaluation system, caring student support, active placement services and periodic overhauling of curricular and co-curricular activities ensure the implementation of the latest changes in educational policies and developments in technology and knowledge.

Needless to say, CUK offers a meaningful and focused academic life and a memorable campus life to all its students. The many beehives spotted in our serene and green campus act as metaphor for its campus where students from all over the world come and enjoy the elixir of wisdom, as reflected in our motto: "Amritum Tu Vidya". I heartedly welcome the new batch of students to the University.

Prof. H. Venkateshwarlu
Vice Chancellor
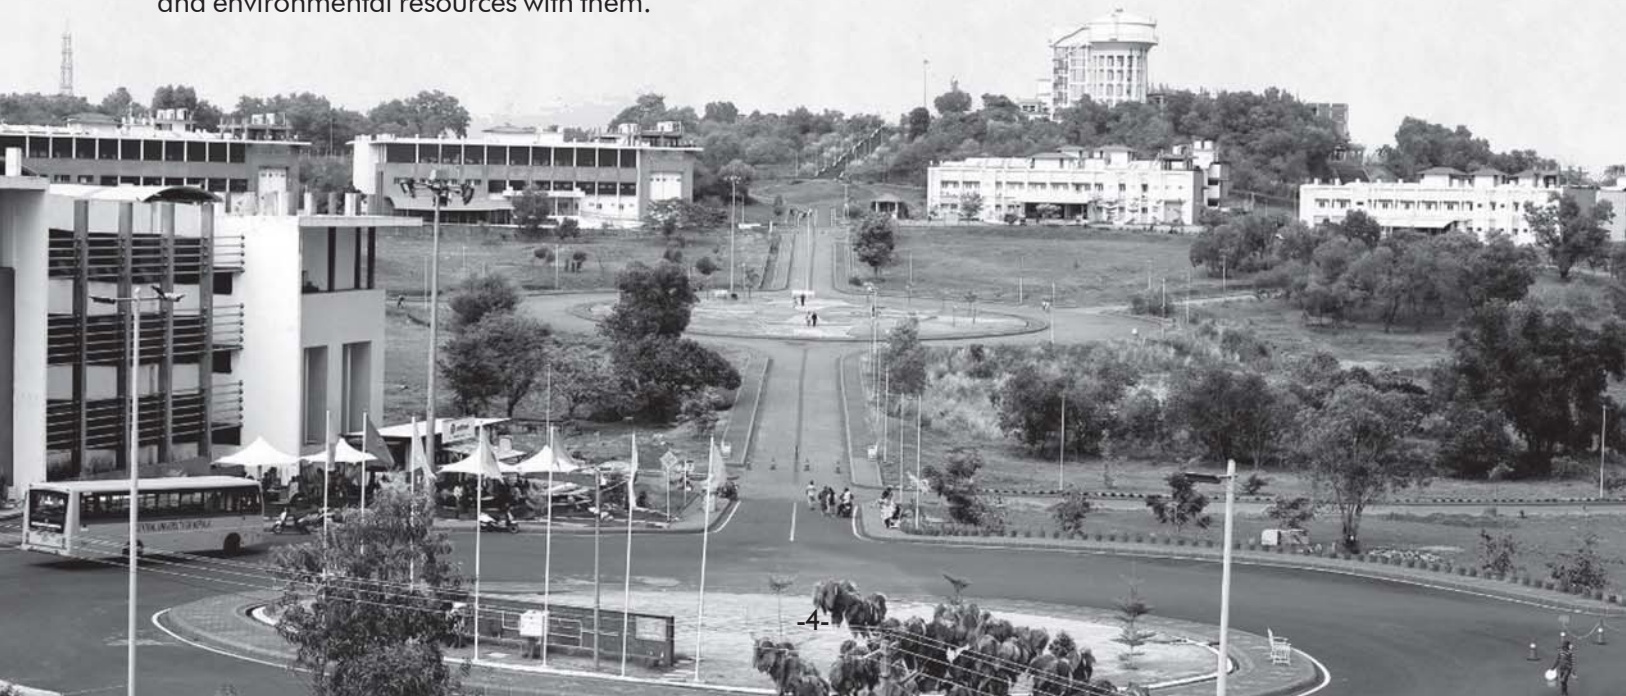

About the University

The Central University of Kerala (CUK) is one among the 16 Central Universities established under The Central Universities Act, 2009 (Parliament Act No. 25 of 2009) and came into existence on 2 March 2009. Under its first Vice Chancellor Prof. Jancy James, CUK started functioning from a transit campus at Vidyanagar in Kasaragod on 4th June 2009. It started four campuses across Kerala and laid the foundation for the present sprawling 310-acre campus at Tejaswini Hills, Periye. Its second Vice Chancellor, Prof. G Gopa Kumar moved all departments to the Periye campus, which houses 25 Departments offering PG and Ph.D. programmes. The CUK also has two off-campus centres – one at Pathanamthitta which houses one department offering PG and Ph.D. programmes and the other, Capital Centre at Thiruvananthapuram offering a UG programme.

Under its present Vice Chancellor, Prof. H. Venkateshwarlu, CUK focuses on bettering its academic, administrative, and infrastructural excellence and social commitment. By extending its facilities to the community outside CUK has been actively discharging its social commitment during the COVID- 19 pandemic and became the only Indian university to serve the community in its hour of need by extending the services of its faculty, research scholars and virology lab to fight the pandemic. The CUK's green campus is being extended by ensuring environmental protection, creating plastic-free zones, and by planting and nurturing thousands of saplings of medicinal plants and trees inside and outside the campus.

The CUK defines itself as a mentoring University and gives personal attention to all its students. It extends the scope of learning through a holistic methodology that accommodates diverse linguistic, scientific, and cultural traditions of India. It envisions quality research and innovation in higher education by involving all its expert faculty members who have rich international experience and research scholars from all over the world. It ensures teaching-learning innovations, avoids rigidity of approach and adopts an inclusive policy. The CUK's mission is to educate, skill and train human resource for the development of the nation. Towards this, the University has signed MoUs with various organizations, pursues GIAN programmes and undertakes research projects funded by external agencies like DST, DBT, UGC, KSCSTE, Western Ghat Cell, IUCN etc. In its second NAAC evaluation, CUK got A Grade and ranks among the top 100-150 in NIRF

In all its academic, social, and environmental efforts, CUK strives hard to become a model campus by envisioning all its activities to maximize to intellectual, emotional, social, and economic benefits to its students, teaching and non-teaching staff, and the community by sharing its intellectual, academic, cultural, and environmental resources with them.

VISION

Located in a backward region characterized by linguistic and ethnic diversity and cultural richness, the University seeks to harness the local resources - human, intellectual, social, artistic and cultural – while bringing in the best that is globally available.

Vision Statement: "Driven by the sense of knowledge, wisdom and values, we passionately strive to drawing out the human potential for building a responsible society by mentoring"

MISSION

Armed with the motto of caring wisdom, the University seeks to extend the frontiers of knowledge by facilitating the learners to be creative and innovative.
