

CENTRAL UNIVERSITY OF KERALA
DEPARTMENT OF PUBLIC ADMINISTRATION AND POLICY
STUDIES

Ph.D (Public Administration and Policy Studies)

Programme Outcome

The students will be able to attain the following after the completion of Ph.D. Public Administration and Policy Studies

- (i) Attained critical thinking to carry out scientific investigation objectively.
- (ii) The students are capable of problem analysis, formulate a hypothesis, evaluate and validate results, and draw reasonable conclusions thereof.
- (iii) Ability to do literature review
- (iv) Plan and conduct original research in social science, particularly in the field of Public Administration and Policy Studies.
- (v) Students are aware about research opportunities in several national and international institutions
- (vi) Awareness about their roles, responsibility and rights as a citizen

Programme Specific Outcomes

The Ph.D program must enable students to attain, by the time of getting awarded with Doctoral degree

- (i) An ability to apply knowledge for analysing social issues and public policies.
- (ii) An ability to identify, formulate, and develop solutions to the societal problems.
- (iii) An ability to analyse various social theories and thereby adding knowledge to the discipline
- (iv) An ability to give inputs to the state/union administration
- (v) An ability to provide inputs to the policy makers.

COURSE CODE: SPA 7001

COURSE TITLE: RESEARCH METHODOLOGY

CREDITS: 4

Course Objective

To make the student able to use apt research methods for their research and a well understanding about data analysis and report writing.

The following are the course learning outcomes:

CO1– Understand the philosophy of social science Research

CO2 – Understand and Exemplify different methods of research

CO3 – Learn and apply various research designs

CO4 – Understand and apply methods of data collection- the sampling types and techniques

CO5- Introducing various methods of data analysis, role computers in Social Research and how to write a research report

Grading: Final Exam - 100%

Total Contact Hrs. Per Week	6 Credits	Assessment
Lectures	2	End Semester Assessment
Seminars	1	Continuous Internal Assessment
Literature Survey	2	Continuous Internal Assessment
Field Visit	1	Continuous Internal Assessment
Total Marks (100)	Internal	40
	End Semester	60

UNIT 1: Introduction

- a) Meaning , Objectives, Scope and Importance of Social Science Research
- b) Fundamentals in Research : Concepts, Theories, Hypothesis, Variables
- c) Research in Public Policy and Governance

UNIT II: Methods of Research

- a) Scientific Method
- b) Case study Method
- c) Survey Method
- d) Content Analysis

UNIT III: Research Design

- a) Identification of Research Problem
- b) Preparation of Research Design
- c) Types of Research

UNIT IV: Data Collection

- a) Data Collection- Primary Sources
- b) Observation; Questionnaire and Interview
- c) Secondary sources of Data Collection- Use of Library and Internet
- d) Sampling : Sampling Techniques and Scales of Measurement

UNIT V: Data Analysis and Report Writing

- a) Analysis of Data and Use of computers in Social Science Research
- b) Report Writing
- c) Importance of Source Citation-Appendix, Bibliography and Webliography.

COURSE CODE: SPA 7002

COURSE TITLE: GOVERNANCE REFORMS AND DISTRICT ADMINISTRATION

CREDITS: 6

Course Objectives (CO)

The make the student to understand changing governance reforms in district administration

The following are the course/learning outcomes:

CO1- Understanding the evolution of Public Administration and the conceptual development of good governance

CO 2- Gain knowledge on various theories of governance

CO3- Ability to understand the issues and challenges of governance

CO4- Ability to examine how district administration can be a catalyst in attaining good governance

CO4- Knowing the functioning of district administration in reforming governance system in the State of Kerala

Grading: Final Exam - 100%

Total Contact Hrs. Per Week	6 Credits	Assessment
Lectures	2	End Semester Assessment

Unit 1: Public Administration in Transition

- (a) Public administration – traditional and modern
- (b) Public administration and globalisation
- (c) Governance- theoretical frame work

Unit 2: Good governance

- (a) Definition, scope and significance
- (b) Good governance and developed societies
- (c) Good governance- issues and challenges

Unit 3: Indian Administration

- (a) Indian administration from ancient to modern
- (b) Administrative reforms commissions
- (c) Good governance initiatives in India

Unit 4: District Administration and Governance Reforms

- (a) Changing role of district administration in the era of globalisation
- (b) Governance reforms and district administration
- (c) Democratic administration and good governance

COURSE CODE: SPA 7002

COURSE TITLE: LAND REFORMS AND ENVIRONMENTAL GOVERNANCE

CREDITS: 6

Course Objective

To train the students and make them, understand the concept, significance IT and women empowerment

By completing this course, students will obtain the following course/learning outcomes:

1. Knowledge to be gained

- i. Understand the evolution, concept, and significance of Land Reforms and Environmental Governance in Kerala.
- ii. Understand the basic theories on Environmental Governance in Kerala.
- iii. Evaluate and analyse Land reforms and environmental policies of government of Kerala.
- iv. Able to do the research on Land Reforms and Environmental Governance in Kerala (A Case study of Idukki District)
- v. Able to make suggestions and recommendations regarding the specific area of research.

2. Competency to be gained

Ability to carry out independent research in Land reforms and Environmental Governance

Prerequisites: Nil

Grading:

Assignment-20

Presentation – 20%

Final Exam – 60%

Total Marks-100

Total Contact Hrs. Per Week	6 Credits	Assessment
Lectures	2	End Semester Assessment
Seminars	1	Continuous Assessment Internal
Literature Survey	2	Continuous Assessment Internal
Field Visit	1	Continuous Assessment Internal

Total Marks (100)	Internal	40

UNIT I: BASIC CONCEPTS IN WATER MANAGEMENT

- Watershed management
- Water commons
- Water budget
- Water footprint
- Socio hydrology

UNIT II: WATER CONSERVATION STRATEGIES

- Water resources in India: current water sector; Water demand and utilization; Emerging water crisis - causes, impact and solutions;
- Water policy framework of India
- Water harvesting and water use techniques in ancient India
- Water conservation practices in Kerala - indigenous, modern.

UNIT III: APPROACHES TO SUSTAINABLE WATER MANAGEMENT:

- Sustainable Water Management -Strategies to achieve it, SDG no. 6 and India
- Constitution and water rights
- Approaches - top down approach, bottom up approach, supply driven approach, demand driven approach, Integrated Water Resource Management

UNIT IV: WATER GOVERNANCE:

- Water governance in Kerala- jalanidhi project
- Challenges in water governance - social, economic, environmental and institutional.
- Political ecology of water
- Gender and water

KERALA

CREDITS: 6

Course Learning Outcomes: On finishing of the course, students should be able to:
This is a theory and concept-oriented course focusing on social problem recognition.

Course Objective

To train the students and make them, understand the concept, significance of environmental Governance.

By completing this course, students will obtain the following course/learning outcomes:

1. Knowledge to be gained

- i. Understand the concept, significance un introduction part.
- ii. Statement of the problem of study, which includes research questions.
- iii. To set the Research Objectives of the study.
- iv. Study different Review of literature of the study.
- v. Identify the Importance of the study.
- vi. Identify the research gap.
- vii. Research Methodology of the study.
- viii. Chapterization.
- ix. Able to make suggestions and recommendations regarding the specific area of research.

2. Competency to be gained

Ability to carry out independent research in Social Science.
