Questionnaire Name : Feedback on Syllabus by Teachers/Employers

1. Your suggestion for improve the quality of course/syllabus

| S.No. | Student Comment/Remarks |
|-------|---|
| 1 | Syllabus, well prepared encompassing all the componets required. The practical componets and hands on training may be expanded further, if possible. I strongly agree to the Syllabus structure and the presentation. |
| 2 | () I have gone through syllabus and are fine. No suggestions on PhD syllabus. For MSc my observations:I don't see angiosperms. Maybe 5102 should have it instead of paleobotanyOther obvious exceptions arePlant EvolutionBiostatisticsPlant Cell and Tissue |
| 3 | Provide more focus to hands on training and field studies with due emphasis to learning the basics of biology; provide platforms to improve critical thinking, questioning, presentation and interactions especially during the project period |
| 4 | () Overall the syllabus fulfils the requirements of students. The NCS TCP quality certification system from Govt. of India for commercial tissue culture may be added in the relevant section. My opinion is to avoid comparative account of various Pteridophytes |
| 5 | () Course has been framed such away that it covers most of the topics in Plant Biology. I don't have anything to suggest to improve the syllabus furthermore. |
| 6 | Good syllabus |

1. Your suggestion for improve the quality of course/syllabus

| S.No. | Student Comment/Remarks |
|-------|--|
| 1 | () The syllabus is quite comprehensive and the course covers most of the major areas of study that are accomodated by the hold-all term 'English Literature'. Maybe some more space could be given to literatures and writings from India and South Asia. |

Programme : Ph.D. in Plant Science
Questionnaire Name : Feedback on Syllabus by Teachers/Employers

1. Your suggestion for improve the quality of course/syllabus

| S.No. | Student Comment/Remarks |
|-------|---|
| 1 | The Syllabus is structured and presented well, suffices the need of the Ph.D Scholar to get a feel of the Techniques and Methodology required to undertake the Ph. D work.. Concept and provision for entrepreneural ventures and startups may be added |
| 2 | () Along with bioprospecting of algae, bio prospecting of other groups of plants can be added |
| 3 | () INCORPORATE NOVEL PUBLISHED TECHNIQUES IN JOURNALS LIKE NATURE, NEW SCIENTIST ETC BY UPDATING SYLLABUS REGULARLY. |
| 4 | () The courses are good. Nothing much to comment. |
