1. Your suggestion for improving the quality of the syllabus

S.No.	Student Comment/Remarks
1	I personally think it will be good to make preferable changes that will support us while applying for higher education in India or abroad. As of me I feel, it will be good to have Bioinformatics as a separate paper.
2	(BZY051929) It's good
3	Final Sem should only have the project. The theory papers of 4th Sem should be avoided.
4	Incorporate relevant topics

Department : Physics Programme : Msc Physics
Year of Admission : 2019 Questionnaire Name : Programme and Syllabus Feedback
No.of Records : 5

1. Your suggestion for improving the quality of the syllabus

S.No.	Student Comment/Remarks
1	(PPH051923) Improving the range of elective courses and including papers related to particle/ astro physics will be helpful. Also since the faculty are more in the material science research, it is difficult to find research guides in other areas of physics.
2	Can introduce research oriented activities from First semester itself. M.Sc students need much more clarity about research labs from the first semester onwards.
3	(PPH051902) No feedback
4	Importance must be given to MSc students also, much like the importance given to PhD students.
5	(PPH051922) Could be more beneficial if the updated technologies are incorporated with the learning.
