**Report on Webinar** 

Dept of Biochemistry and Molecular Biology

Central University of Kerala

(Sept 2020)

Prepared by Dr. Thejaswini Venkatesh, Organiszer

The Department of Biochemistry and Molecular Biology, Central University of Kerala organised a webinar on 'inflammatory lymphangiogenesis' on 10<sup>th</sup> Sept 2020 at 9:00 AM. The invited speaker was Dr. Sanjukta Chakraborty, Assistant Professor, University of Texas. The tiltle of the talk was "Inflammatory mechanisms mediating tumor-lymphatic crosstalk and role in cancer progression and lymph node metastasis'. The event was organised by Dr. Thejaswini Venkatesh, Assistant Professor. The webinar began with introductory remarks from Dr. Thejaswini Venkatesh and Dr. Rajendra Pilankatta, HoD, BCMB. The seminar was delivered by the speaker. The talk emphasised on the lymphangiogenesis and its associated inflammatory pathways in the cancer field. The program ended with the a brainstorming discussion among the attendees. Overall, 30 students attended the event.

| Hi Thejaswini   |                       |   |   |  |
| Thanks so much for inviting me. It was really nice to reconnect back after a long time. I had a good time talking to the people in your department and particularly your HOD. |                       |   |   |  |
| Hope we will be able to meet in person sometime soon.   |                       |   |   |  |
| Best wishes<br>Sanjukta   |                       |   |   |  |
