Subject: Recommendation for the internship of MPH IV-Semester students, Central University of Kerala, Kasaragod

Dear Sir/Madam,

Greetings from the Department of Public Health and Community Medicine, Central University of Kerala (DPH&CM), Kasaragod. The Department of Public Health and Community Medicine offers a two-year, full-time Master of Public Health (MPH) and PhD programmes. Additional details about the University and the Department can be obtained from the website (www.cukerala.ac.in).

The Master of Public Health (MPH) programme is spread across four semesters where students are required to complete course work, dissertation and an internship (either in online/offline mode) at a healthcare organization. Our 5th Batch (2019-2021) MPH students are required to undertake a minimum of 4 weeks' mandatory internship during March 2021 (Start date: 01 March 2020). The duration of the internship can be extended by the host organization as per their requirement; however, the students shall be evaluated for only four weeks as per the MPH programme requirement of the Department of Public Health & Community Medicine. On confirmation of internship by **HELPAGE INDIA (KARNATAKA)**, the Department shall share a student evaluation form with your organisation which shall be filled and returned to the Head, Department of Public Health & Community Medicine, CU Kerala.

At the end of internship, student shall be evaluated by the host organization and issued with an internship completion letter/certificate. The objectives of the internship are (but not limited to):

- To provide students with an overall understanding of the health organization in-terms of human resources, planning and implementation of programmes, research projects, linkages and synergies between various department in the organization.
- To expose the student with the practicalities of understanding and addressing current issues and ground realities with the health sector.
- To collaborate and learn through assisting experienced health professionals in a formal organizational set-up engaged in public health
- To assist the organization in studying and addressing some identified issues/problems associated in specific operational areas or programmes with innovative solutions.

In this regard, I request you to kindly consider our MPH students **Ms. Sarangi Das** and **Dr. Mevise M Varghese** to undertake internship under an able supervisor in your esteemed organization and provide them necessary support and cooperation. Thanking you and looking forward to a positive response and a long-term association.

Sincerely,

Dr. Elezebeth Mathews
Assistant Professor, HOD (In-charge)
Department of Public Health & Community Medicine
